

Little Pianist

Little pianist complete impressively beautiful play!

This is the world first and the only shoes that is specially designed for pedaling of the pianos.

Specifications

These patented heels have curved heels. This special heels gives more control of the pedals.

It bring you perfect performance as you wanted! The heels helps you to feel the pedals better.

The sole of the shoes keep the silence on the stage!

Stress-free and it gives you continuous focus. The inner soles that prevents your feet from slipping inside the shoes.

Four reasons to choose the piano shoes.

- The ultra sensitivity of the heels makes you to feel the pedals better
- This unique heels helps you to control the pedals, just how you wanted.
- It places minimum stress on the pedals and gives continuous focus.
- The sole of the shoes keep the silence on the stage! **Patented.**

Improves your ability for pedaling. This is the answer to the noisy footsteps.

Little pianist's shoes are the world's first piano shoes. They have been developed with input from large numbers of pianists and scientific researches. The shoes are not only loved and used by pianists, also singers and musicians because they help those professionals to perform better, while being silent. and have brilliant reputations from them.
